

"Carrier" tool basket XL, grey-black, 40.5x30x19.5cm, 20 kg load capacity

€34.90

Prices incl. VAT plus shipping costs

Product number: BG00004BKGY

Description

The large, open "Carrier" tool bag is made of tear-resistant, water-repellent Oxford 600D fabric and has many tool holders and patch pockets for quick access to tools and work materials in daily use during installation on the construction site or in the maintenance and service area.

On the outside there are ten open pockets for wrenches, bit sets, tape measures, pliers or other tools as well as a long mesh pocket, e.g. for a spirit level. On the inside there are six seven tool loops and the large 36 x 19 x 17 cm pocket for materials. The bag can be easily transported using the metal carrying handle or padded shoulder strap.

- Water-repellent, sturdy material
- Ideal for tools and building materials
- XL dimensions 40.5x30x19.5cm
- Sturdy fabric base, safe against punctures
- Foldable design for space-saving storage
- Eleven outer pockets and seven tool loops
- Shoulder strap with padding and metal handle
- Tear-resistant, reinforced seams
