€69.90

Prices incl. VAT plus shipping costs

Product number: BG00006BKSD

Description

The "Juggernaut" can be used as a padded backpack or trolley with telescopic handle, whereby the shoulder straps can be detached on the underside and stowed in a compartment when used as a trolley. This practical backpack is made of tear-resistant, water-repellent Oxford 600D fabric and has many compartments and inside pockets for equipment, material, laptop, writing materials, cell phone and much more.

The bag has a large main compartment measuring 42x35x22cm, three inside zippered pockets, three outside pockets with dividers.

- Water-repellent, sturdy material
- XXL dimensions 54x36x25cm
- Sturdy telescopic pull-out, carrying handles and plastic base
- Large smooth-running wheels for trolley function
- Shoulder strap with sternum strap, stowable
- Tear-resistant, reinforced seams
