Description

YPC stacking boxes: This practical set of 8 open-fronted storage boxes is supplied with two wall brackets, plugs and screws. The individual sorting boxes can be quickly and easily hooked into and out of the system, and each box can be removed individually. The boxes can be stacked on top of each other or pushed into each other to save space when they are not full. Use these storage boxes for screws, plugs, clamps, tools or other household items and toys to always have the best access and an ideal overview.
